BERFIN[®]

Air cooler

**Give a felling of winter
even in summer**

गर्मी में भी देसर्दी का एहसास

**This season stay cool with wide range of Berfin air cooler ranging from 20 litres to 135 litres.
Berfin coolers are superior in quality, portable and value for money.**

They have rust proof & shock proof body and that's not all.

These coolers consumes less power and are inverter compatible.

**Most models have uniform flow technology
which allows channelized water flow for better cooling.**

**More than cooler have 100% Copper motor with dual ball bearing, copper submersible pump
with concealed and thermostate, D shape copper auto swing motor, Power plug are 0.75
copper wire with earth connection for durabl long life.**

**All cooler check prosses are Series test, watt, amp, leakage current test neutral to earth & line to
earth for safety.**
