Give a feeling of winter even in summer

गर्मी में भी दें सर्दी का एहसास

Give a feeling of winter even in summer

गर्मी में भी दें सर्दी का एहसास

This season stay cool with wide range of Micca air cooler ranging from 25 litres to 135 litres.

Micca air coolers are superior in quality, portable and value for money.

They have rust proof & shock proof body and that's not all.

These coolers consumes less power and are inverter compatible.

Most models have uniform flow technology which allows channelized water flow for better cooling.

All cooler check prosses are Series test , watts , amp , leakage current test neutral to earth & line to earth for safety.
